

Dear partners,

We value our cooperation, and as the holidays approach, we would like to inform you that as part of operating in a transparent and honest manner and expecting the same from our partners, we give priority at the company to sincere gratitude and the words #ThankYou. Gifts for the holidays or other occasions will not be accepted.

We have made this decision in compliance with the laws of the Republic of Lithuania and our updated Company Gift Policy, according to which upon receiving a gift, our employees must register it in the gift log and return it to the sender.

We operate according to the highest ethical standards and are dedicated to the prevention of corruption, so to save your time and ours and avoid unpleasant situations, we ask you to limit yourself to a sincere word of thanks.

Thank you for your understanding. We look forward to working with you in the future!
